

The Treadline Control Treadmill from Bremshey Sport was awarded "Best for a Beginner" acknowledgement by 'Which?' magazine for its exceptional value, ease of use and convenience around the home. This top Treadmill model is equipped with a special orthopaedic running belt which acts as a comfortable and shock absorbent base to reduce stress on your joints and muscles whilst training. A Graphic LED Display shows detailed information on Time, Distance, Speed, Energy Consumption and more, even featuring a 400m running track for more focused training. Editable Program Adjustment, 14 Programs and various Training Mode functions including Quick Start and HRC, allow for a diverse workout with this Treadline Control, which can be adapted to your personal requirements.

A Powerful 3.0HP Motor maintains speeds of between 0.5-12.4mph (0.8-20kmph) and this high quality model also features electric elevation from 0-12% to increase intensity at the touch of a button. Transport Wheels, a Bottle Holder and a Foldable Running deck combine to give that 'user oriented' feel which is so important for the home, making this Treadline Control Treadmill from Bremshey Sport, the intelligent choice for any buyer in 2009.
